

The "new" Albany City Council took three hours and 10 minutes Monday night to painstakingly cover an agenda only a page and a half long.

They did not hold a work session before the 5 p.m. meeting. Such items as the treasurer's report, report of the Finance officer and communications were transferred to the City Clerk's desk for study by interested citizens.

As each item came up on the agenda, Mayor Richard Clark asked first for Council comment, then for comment from the audience.

Council unanimously voted to make available to the public by 5 p.m. Friday all communications to be discussed at the following Monday night meeting. They will be at the City Hall and at the Albany Public Library.

Near the end of the meeting, Robert Elliott congratulated Council, stating the meeting was like "a breath of fresh air... a long breath of fresh air!"

Resolutions, read in their entirety and approved unanimously, extended the bus stop red zone on San Pablo Ave. at Dartmouth, appointed Beverly Feuser as secretary to Administrative Officer James B. Turner, commended J. Henry Kruse for service to the Albany Library Board of Trustees (he was re-appointed by Mayor Clark), commended Lewis M. Howell for 22 years of service on the Council, commended Joe Carlevaro for 12 years on the Council, and commended City Clerk Patricia A. George for her efficient administration of the Albany Municipal Election, her first. They verbally commended her for the taxing effort on the recount, which made it necessary for her to do her regular work over the weekend.

A letter from Elliott asked for elimination of work sessions, open participation by citizens in Council proceedings and complete and accurate records of all Council proceedings, including names of citizens speaking for and against proposals and more of a description of communications and resolutions. He verbally said he did not mean to discredit Mrs. George.

Mrs. George said in a memo that she followed Robert's Rules and League of California Cities' suggestions on minutes, adding verbatim records are lengthy and expensive.

Held over for one week were actions on a request for a resolution endorsing State Proposition 1, Park Bond Measure; a resolution from the City of China, and action on Veterans' Yellow Cab Company of Richmond requesting a rate increase. A public hearing will be held next Monday on the cab fare increase.

Council approved Mrs. George's request to proclaim April 22-27 as "City Clerk's Week," naming a committee to reactivate the Sister City Program, and the application by E. J. Rooney, Superintendent of Parks and Recreation, and Beulah Belling, Director of the Senior Center, for a mini-grant program to provide free health services for senior citizens, a program which will be located at Albany Hospital.

Councilman Michael Gleason volunteered as a "seven-day delegate" to the Manpower Agency, which is holding its first meeting April 24. A permanent delegate and alternate are to be named.

Councilmen heard complaints about dogs, an attacking cat and a dark intersection which needs a street light. They heard City Attorney Lawrence D. Sal-

er describe the recount procedure, which now requires another Council canvass, an appropriate resolution and swearing in of the person elected by reason of recount. This will be held next Monday night, when Jack Rosano, who came out 10 votes ahead of Jean Tenret for the Board of Education, will be sworn in.

Dario Meniketti congratulated the two new councilmen, Patrick Griffin and Michael Gleason, offering them advice on how to conduct themselves. Both men thanked him for his comments.

Councilman Griffin appointed Samuel Dows to the Planning and Zoning commission and William Woolworth to Park and Recreation commission. Councilman Gleason appointed Ronald Eggherman to the Planning commission. Mayor Clark said he does not believe appointments have to be confirmed by Council, but on advice of Saler who said the charter and code are not consistent, the appointees were confirmed. Clark's suit against the City to determine if Council as a whole can nullify an individual Councilman's appointments, initiated two years ago, should be determined within a couple of weeks, it was announced.

Councilman Gleason's motion that Turner confer with the Chief of Police and Fire Chief about lack of radio coverage in the Fire Department passed unanimously. Gleason said that when the trucks go out, one trained fire fighter must remain behind to answer telephones.

Also on Gleason's motion, Saler will look into the landfill contract and with Turner will determine if the operator is living up to his performance clause, how books are audited and what procedure the city routinely follows to insure adequate performance by the operator.

When Gleason asked about continuing attorney-client sessions regarding the \$1.5 million lawsuit on the Albany Hill park deal, Saler spoke at length of the dangers of discussing the suit in public. He said he has received threats regarding the lawsuit.

Although the Council chambers were crowded early in the evening with many people standing, the crowd had thinned out considerably by the time Councilman George Hein, after waiting to see if anyone had anything more to say, moved for adjournment.

## Richard O. Clark Elected Mayor 3-2

Richard O. Clark squeaked back into the mayor's seat by a vote of 3-2 last Tuesday night at the reorganization meeting of Albany City Council.

Voting against him were Councilmen George Hein and Pat Griffin.

His election followed the traditional canvassing of the votes and the untraditional election of the vice mayor first. Clark nominated Michael R. Gleason as vice mayor. He was elected unanimously.

Mayor Clark said he was happy to be mayor again, adding that if voters decide in June to elect directors for Bay Area Rapid Transit District, he will run for the BART board. He said it is refreshing to see new faces on the Council and expressed hope for unity within the city.

After Mayor Clark commended former Mayor Lewis Howell and Councilman Joe Carlevaro for their long service to the City of Albany, resolutions were approved to commend both officially. A third resolution commended City Clerk Patricia A. George for an excellent job during the election.

Herbert Rubin congratulated the City Council, asked them to

waive attorney-client sessions and called for the resignation of Councilman H. F. Call. Call said Rubin was his opponent in the last election and Call had been elected by the people to represent them. He said he would continue until the people decide they do not want him to represent them.

Councilman Griffin asked City Attorney Lawrence D. Saler if it is legally possible to waive attorney-client sessions. Saler said that Council could if it so desired but as City Attorney he will continue to indicate when there is a matter that should be discussed under an attorney-client session. Further, he said, he does not feel he has the right to waive the sessions.

Saler said he has contacted Robert Anderson, former City Attorney of Berkeley and past president of the Municipal League of Attorneys, to obtain an objective analysis of the Albany Hill parkland deal.

The canvas of votes left the final count unchanged, including the one-vote margin between Jean Tenret and Jack Rosano for Board of Education. Rosano called for a recount and Tenret offered to pay half the costs.

## Note of Thanks

I wish to express my sincere and heartfelt thanks to the members of the Albany Police and Fire Departments for the help they gave me.

The Manager of the Apartment where I live, called my sister and told her that something had happened to me—she came at once and found me unconscious near my bed.

She called the Albany Police department and in a matter of minutes the Officers and members of the Fire department were at my side, they gave me oxygen and I was taken to Herick Hospital—where my Doctor met us. I was discharged a few days ago.

## High Twelve Club To Hear Debate

Katie Bell and David Rubin of Albany High School will be the speakers, April 26, 1974, at Albany High Twelve Club. Vice Principal James A. Walker will introduce the topic for debate, "RESOLVED: That the present system of 'A to F' grading in high schools be changed to a 'Pass-Fail' system." The meeting will be at Kirby's Restaurant, El Cerrito Plaza, at noon.

The occasion will be a Ladies Day and will be open to the public, by reservation. Non-members wishing to attend the luncheon may call Col. Sam Dows, 525-0509, by April 24.

Grading in schools has been a subject of lively concern to parents, students and educators. The program is in keeping with an edict of the Grand Master of Masons to support the schools by observance of Public Schools week. The report card is the only regular contact with schools for most parents. By meeting the students in action, hearing their views and observing their skills, members of Albany High Twelve Club will get to know their schools better.

Individuals interested in helping seek our possible eligibles should telephone her at 845-1430 on Mondays or Wednesdays, or 232-3525 on Tuesdays, Thursdays, or Fridays. "Volunteers will carry American Red Cross Identification cards and can receive automobile mileage reimbursement," Ms. Gales added.

CONGRATULATIONS to two girls from City Hall. Patt George, City Clerk, was elected secretary of District I of Soroptimists in San Jose, and Treasurer Betty Delucchi is the new secretary of California Municipal Treasurers. Betty is a Soroptimist too.

THE RECOUNT for Board of Education, which originally had Jean Tenret leading incumbent Jack Rosano by one vote, turned out with Rosano having a 10-vote lead on Tenret. City Council will redo the canvass, resolution and swearing-in next Monday night.

BLESS THEM, those new Councilmen are bending over backwards to keep the citizens informed on everything and the three old-timers are going right along. It's an effort that deserves kudos, but perhaps there is a limit to how much even the most interested citizens can absorb after the sitting end goes numb.

MRS. PHIL DAVIS, the former Lorene Baum, has undergone major surgery in Sacramento. After a touch and go time of it at first, she is getting along fine, expected to return to her Placerville home yesterday.

ALBANY FIRE DEPARTMENT's snorkel truck was waiting at an intersection to lead the Albany Little League parade Saturday as parade officials worried at another intersection and had almost decided to begin without the big red truck. Happily, somebody "found" the truck, sent it to the proper area, and the parade went on as scheduled.

PASTOR RON RENTNER of Grace Lutheran church first made this column with a broken toe a few months back. Now he's in a cast after injuring his right leg quite badly on a trip with church teenagers. Before permitting any of them to to-bog down a hill, he took a best run. Needless to say, his accident was the end of the to-bogging.

SPEAKING OF CHURCH, I've noticed organists have the annoying habit of playing hymns two notes above the the original music, perhaps to change it to a more simple key. This is all right on lower notes, but it certainly makes everyone screech on the high notes.

Want To Know The Truth  
About GROUND BEEF?

**IT'S THIS:**  
Nobody can guarantee its exact fat content.  
There's been lots of talk lately about the fat-lean  
ratio in ground beef. So why not label each pack-  
age. Contains 2% of fat? Let us tell you why.  
We've been making ground beef just about as  
long as anyone and we know there's no way to  
make two batches that are exactly alike. Two  
samples taken from the same batch (or even the  
same package) can differ in ratio of fat to lean.  
Even with meticulous care in selecting ingredients,  
there are variations in fat-lean ratio. Even with  
our most modern grinding and mixing equipment.  
Even with use of the best available fat-measuring  
devices.  
Yet we know our customers want and expect us to  
provide them with a choice of ground beef prod-  
ucts to meet their varying preferences, tastes and  
budgets. After long and careful consideration, we  
have concluded that we can best meet our custom-  
ers' need for variety by offering two grades of  
beef products—REGULAR and PREMIUM. We  
make both kinds from fresh chunks of beef. We  
prepare both kinds with equal care to maintain  
the top quality which has helped earn our fine  
meat reputation.  
Our REGULAR is made the way we believe most  
families prefer their ground beef. It contains  
enough fat to assure full juiciness in the cooked  
meat. It makes marvelous hamburgers, meat  
loaves, meat balls, spaghetti sauce, Salisbury  
steak and other delicious dishes.  
Our PREMIUM is made to please families that  
want a leaner ground beef. It shrinks less in cook-  
ing and makes wonderful ground beef dishes of all  
kinds—plain and fancy.  
Why not try both kinds and see which is preferred  
by the folks at your house? (You might even want  
to make a mix with some of each.) The famous  
Safeway money-back guarantee applies, of course,  
to our ground beef as to all of our other products.

## 7 WAYS TO PLUG FOR ENERGY CONSERVATION.

You'll save energy if you follow these suggestions:

1. Turn off all lights that are not essential.
2. Lower your furnace thermostat to 68 degrees.
3. Use full loads in dishwashers and clothes dryers.
4. Set your water heater to "normal" or 140 degrees.

5. Turn off TV sets when they're not being watched.
6. Defrost your refrigerator before frost becomes 1/4 thick. Thick frost reduces your refrigerator's cooling ability and makes it run inefficiently.
7. Be sure your range and oven are turned off when not in use. These are just a few of the many ways you can conserve energy.
